### Paper Digest Pattern

We recommend using the following paper digest pattern to produce your abstract for PCIM India Conference.

After your research paper digest is written, please submit your paper digest as PDF file online.

**Your Title:**

(16 pt, bold, max. 100 characters incl. spaces) Please Capitalize the Initial Letters of Your Title Except Prepositions and Articles

**Topic number and topic name preferred presentation form:**

Oral or Poster presentation

**Abstract (Heading 2<sup>nd</sup> order, 12 pt, bold):**

Here you are requested to write the abstract of your paper. The abstract should state briefly and clearly the purpose, methods, results and conclusions of the work. This abstract should not exceed the maximum 100 words.

**Synopsis (Heading 2<sup>nd</sup> order, 12 pt, bold)**

Here, you start to write the synopsis (short form) of the real paper. It consists of an introduction, the body of the text with different paragraphs, including figures, formulas, tables, images, and the conclusion.

The synopsis is an extended summary of your work. Start by describing the problem your work addresses. Describe your work and how it contributes to the solution of the problem. Include, if relevant, as much evidence of completed experimental work as possible.

The guidelines and requirements for a synopsis submitted to PCIM India Conference are:

- Papers must be original material and not have been presented or published previously.
- The synopsis should give a clear and precise statement of the purpose and contribution of the work, specific results, and the methods used. Include key equations, figures, tables, and experimental results.
- All authors should obtain company and governmental clearance prior to submission of the synopsis.
- Synopses marked or labeled as “Confidential,” “Proprietary,” or with similar wording will not be accepted.
- Synopses can be submitted in any version of Adobe Acrobat (.pdf).
- Number all pages of the synopsis.

**Example Heading 3<sup>rd</sup> order (11 pt, bold)**

This is a normal text in 11 pt type size and 4 pt spacing after line.
